

ROLL OF REMEMBRANCE

Fairfield County Infirmary
Lancaster, Ohio

This memorial wall honors the men, women, and children who lived and died at the Fairfield County Infirmary between the mid-19th and late-20th centuries. While not all individual grave locations cannot be identified, historical records and modern geophysical study confirm that many of those named here are believed to be buried in the adjoining infirmary cemetery.

May their names be spoken. May they be remembered.
